

# **Materials for Energy 2013**

## **Instructions for the Preparation of Posters**

---

### **General Information:**

The Posters will be presented and numbered according to the numbers in the programme of the conference.

Each poster will be in the size of **0,85 m width and 1,2 m height (DIN A 0) vertically orientated.**

The **poster number** is mounted by the organizers on top of the board.

The **author's name and address** and the **title of the paper** are to be indicated on the top section of the Poster.

Material for attaching the posters and illustrations will be supplied by the organizers.

Writing or painting on the poster board is not allowed.

### **Preparation of the Poster:**

As a major guideline it is proposed to make the poster intelligible in itself, even in the absence of the author. It is suggested to divide the contents of each poster into **introduction, results and conclusions**, with a summary listing the pertinent results and conclusions.

The poster should be legible from a distance of 2-3 meters.

Therefore, the **minimum size** should be:

- 20 cm for graphs;
- 3 cm for the paper's title and the names/addresses of the authors in the heading table;
- 1,5 cm for sections headings such as introduction, results, labelling of figures and tables;
- 0,8 cm characters in height for further text.

Line spacing: 1,1 cm at minimum; 10 of such lines correspond to one figure.

Please use colours, symbols and schemes for improved clarity.

## **Poster Display Times**

All posters should be presented throughout the conference, i.e. from 12-16 May.  
The posters should preferably be put up on Sunday, May 12, 2013, 6-8 p.m. and are welcome to stay until Thursday, May 16, 2013 at 1:00 p.m.  
Poster authors are expected to be present during the Poster Sessions.

The opportunities to present the posters are at the following times:

### **Posters of Electrochemical energy storage symposia only:**

- **Poster Session 1 for posters with even numbers** on Monday, May 13, from 5:50 p.m. till 9:00 p.m. and during coffee breaks
- **Poster Session 2 for posters with uneven numbers** on Tuesday, May 14, from 5:50 p.m. till 09:00 p.m. and during coffee breaks.

### **Posters belonging to the symposia**

**Fuel cells**  
**Nuclear - fusion, fission**  
**Large scale fossil fuel plants**  
**CO<sub>2</sub> capture and sequestration**  
**Photocatalysis and photosynthesis**  
**Wind**  
**Water**  
**Water splitting**  
**H<sub>2</sub> and chemical storage**  
**Light weight materials**  
**Molecular science in energy**  
**Ion transport**  
**Charge separation and transfer at interfaces**  
**Modelling of materials and processes**

should be presented during

**Poster Session 1** on Monday, May 13, from 5:50 p.m. till 9:00 p.m. and during coffee breaks.

### **Posters belonging to the symposia**

**Thermoelectrics**  
**Si-based photovoltaics and beyond**  
**Organic photovoltaics**  
**Biomass and biofuel**  
**Geothermal**  
**Thermal storage**  
**Solar to heat**  
**Capacitors and supercapacitors**  
**Conductor materials**  
**Solid-state lighting**  
**Thermal insulation**  
**Catalysis**  
**Energy efficient magnetic materials**  
**Extreme environments**  
**High performance ceramic materials**  
**Corrosion**

should be presented during

**Poster Session 2** on Tuesday, May 14, from 5:50 p.m. till 09:00 p.m. and during coffee breaks.

## Instructions for Poster-Authors

The standard size for all posters is 0.85 x 1.2 m  
(DIN A 0-German Standard) vertically orientated as shown below.
